

TIME SAVING

SPEEDY SPINE™

Save time and be more productive. Speedy Spine™ binders feature a Patent Pending channel construction that allows for easy drop-in of spine inserts for custom graphics in seconds. The dilemma of tight, almost impossible to insert spine graphics has plagued view binders since the inception into the office products industry. Now Speedy Spine™ solves that time wasting problem by loading spine inserts five times faster than a traditional view binder. No more wiggling, fighting or sweating to customize presentation binders.

Guaranteed for Life.

The **BindersforLife Guarantee** is our pledge to you that we will proudly stand behind our products for the lifetime of the binder. Our binders are designed and manufactured to the highest standards in quality, appearance and performance.
